## ABOUT

### MEET THE FUTURE AT THE CURAÇAO STUDY AND CAREER FAIR!

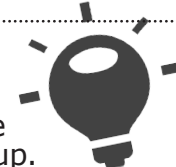

A place for young talents to find their future. That's what we're about! In three days students and potentials get to meet new opportunities, education and jobs. Companies and schools will find new and potential talented workers and students. We are proud to announce: schools from Curaçao, the USA, The Netherlands and South-America already signed up! Are you ready to meet the future? Sign up, be there!!

### SPOT ON INFORMATION...

We like to give every student an opportunity to shine. Therefore we chose to select a contact moment for each group. Wednesday and Thursday morning are mainly reserved for vwo, havo & sbo students. Friday morning is reserved for vsbo students and had a theme: chances and ways to achieve your goals.

### PROGRAM

We've worked with teachers, deans and specialists to improve our program. Our goal is to inform and welcome every single visitor.

### SPECIAL! JOBFAIR

Brand new: our jobfair! Friday November 11th is set for (local) entrepreneurs and companies. They get the chance to present themselves, jobs, vacancies and internships. The jobfair is set up for vsbo students but is also interesting for havo/vwo and sbo studenten.
